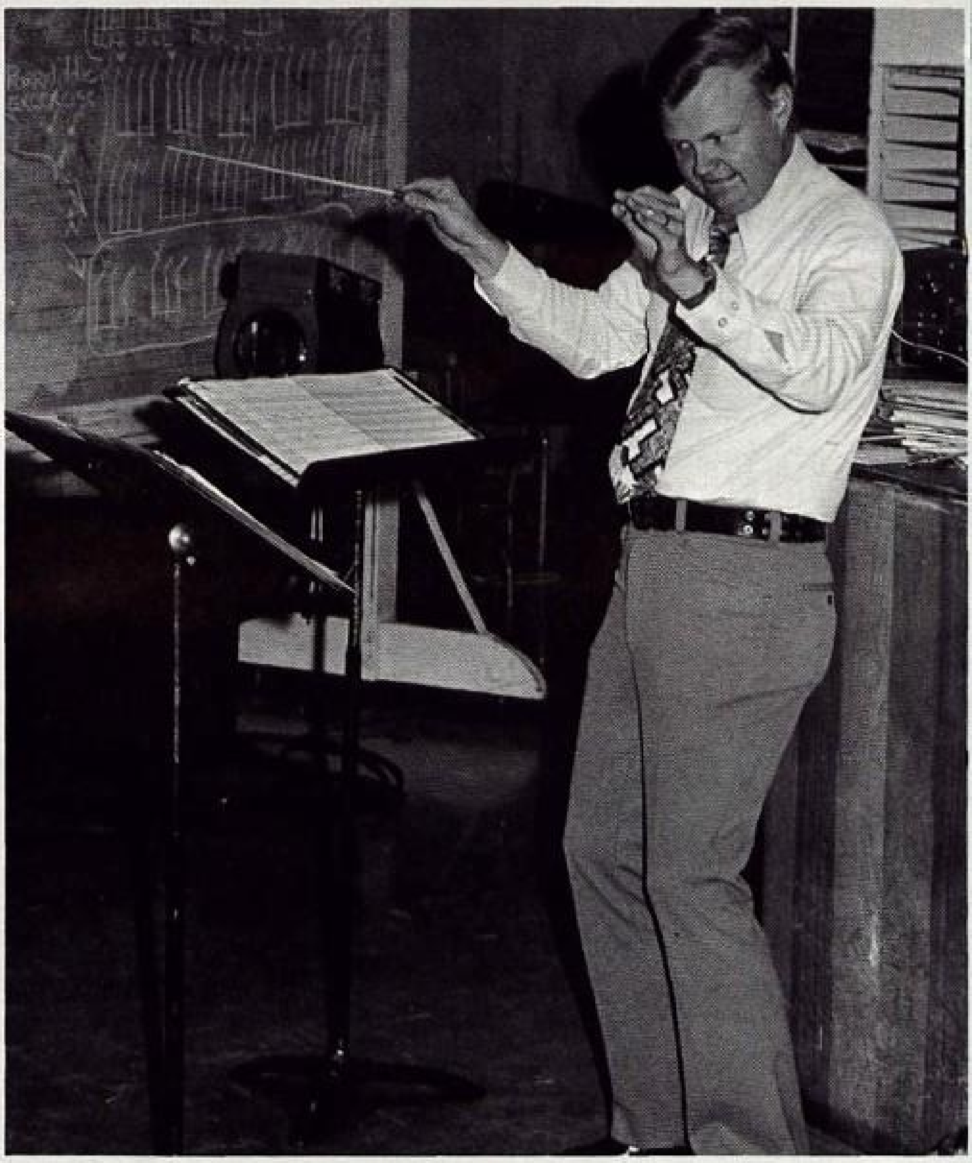
Band

The Weston-McEwen band has a full year of activities. The band exchanged concerts with Umatilla and hosted several schools in the spring for a mass concert. The Christmas concert was colorful as was the concert given in the spring. In addition to these engagements the band showed their musical ability at the basketball games.



Mr. Pyle has rhythm.

Susan Hesketh is the student director.

The trumpet section hits it hard on Hawaii 5-0.

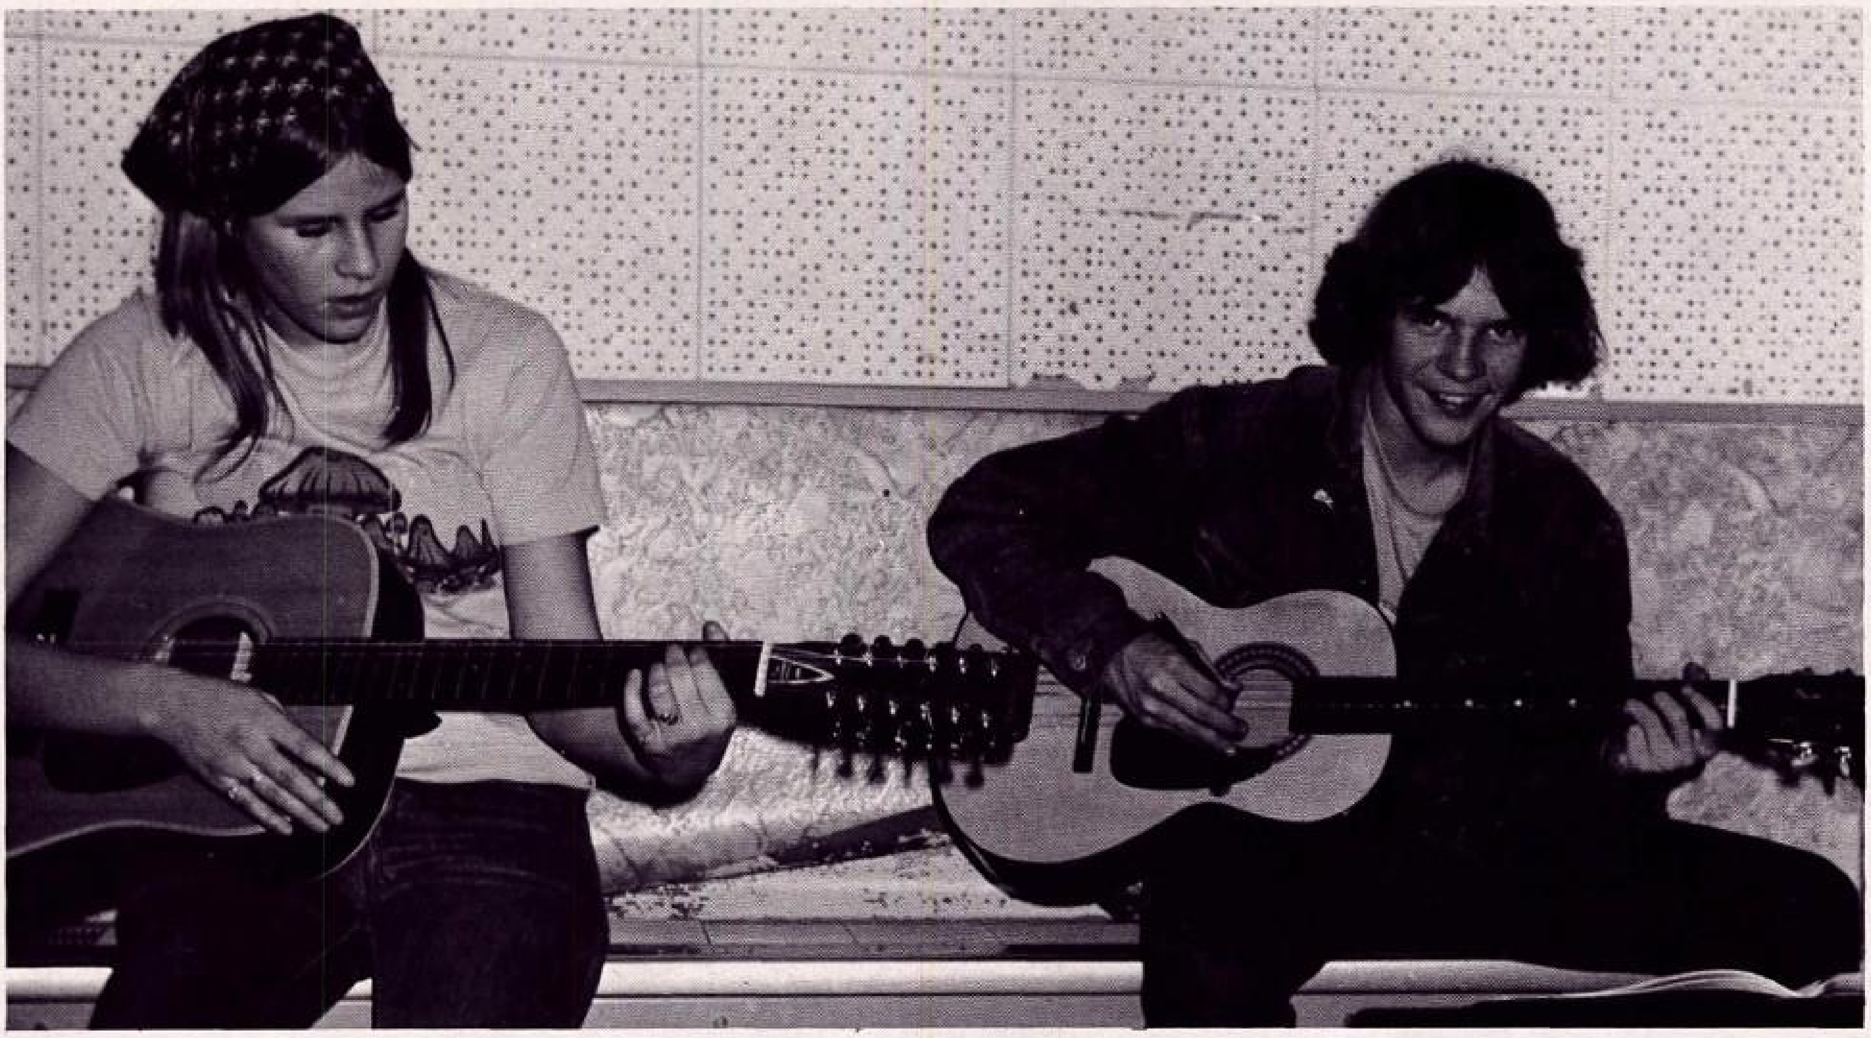
Chorus and Guitar

Mr. Pyle is teaching his guitar class a new chord.

Mrs. Pyle is directing the chorus.

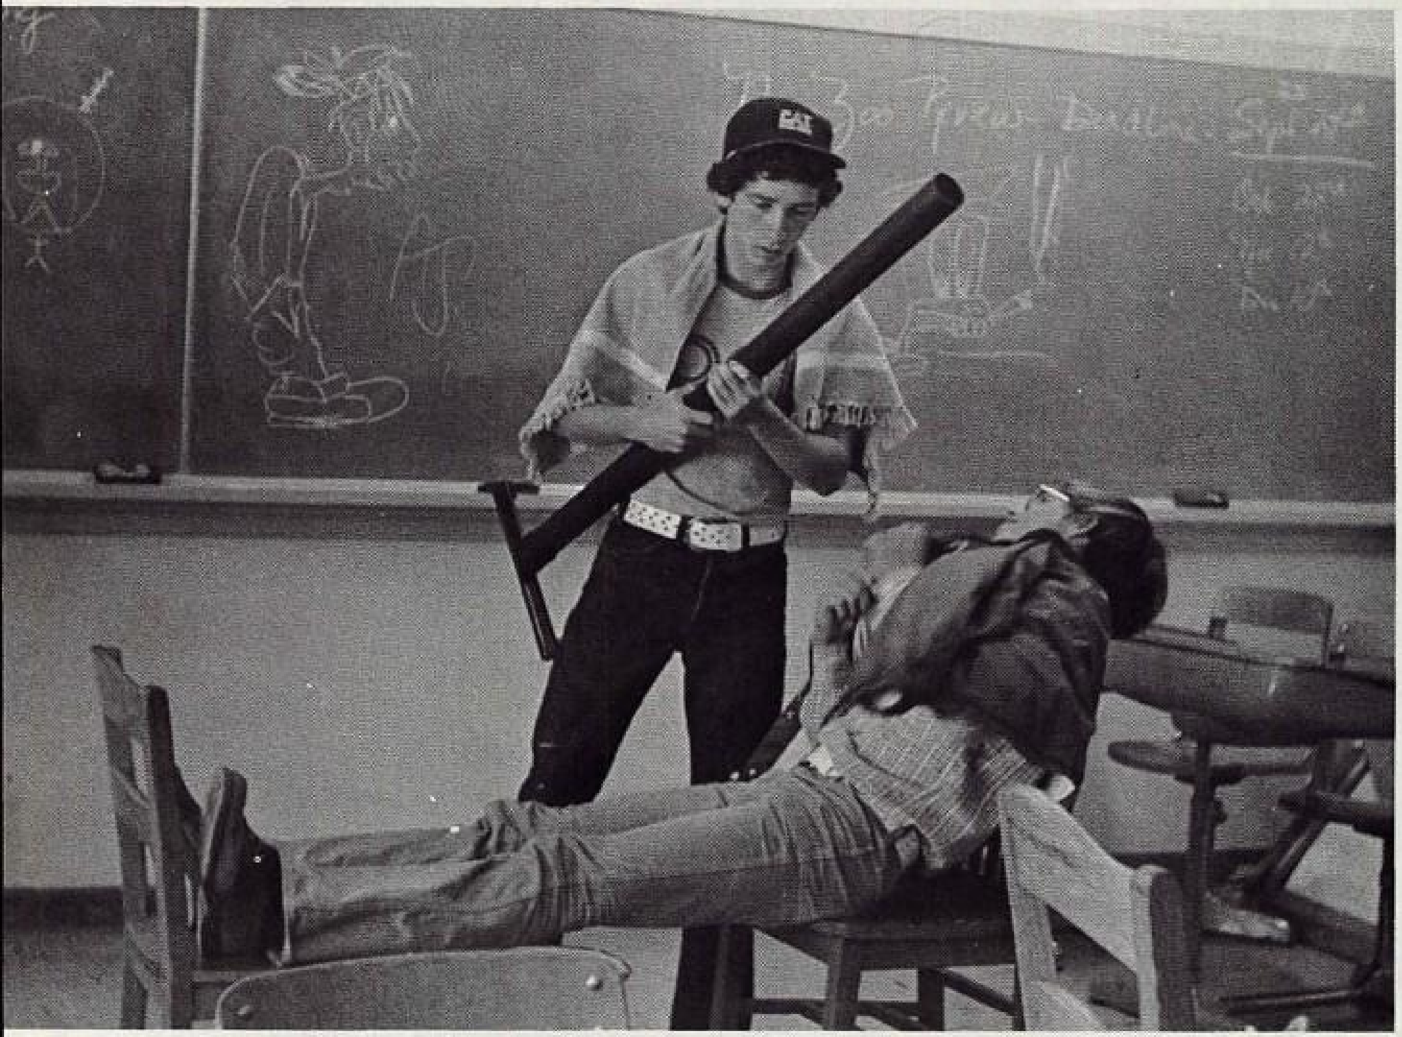


Georgiann Licht and Tom Payant are strumming and picking.

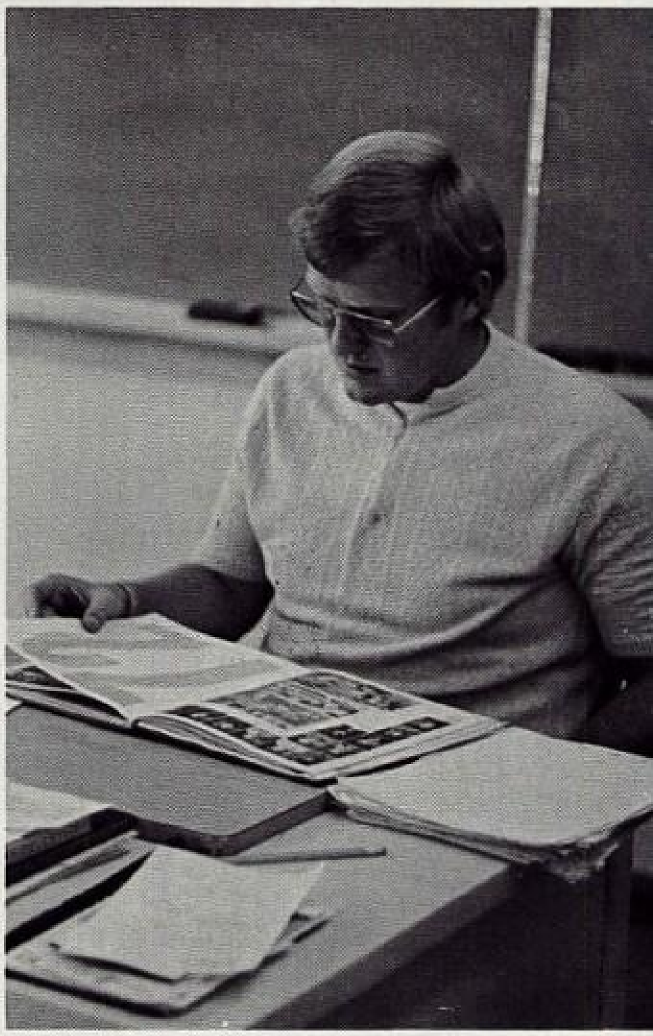
Language Arts

Weston-McEwen's English Department is striving to meet the needs of students in today's world. An emphasis is placed on commuciation skills, especially compsoition and speech. To meet this need classes such as Creative Writing, Advanced Speech, and Dramatics and many others are offered.

The Short Story-Media class is deeply involved in Edgar Allen Poe's "The Black Cat."



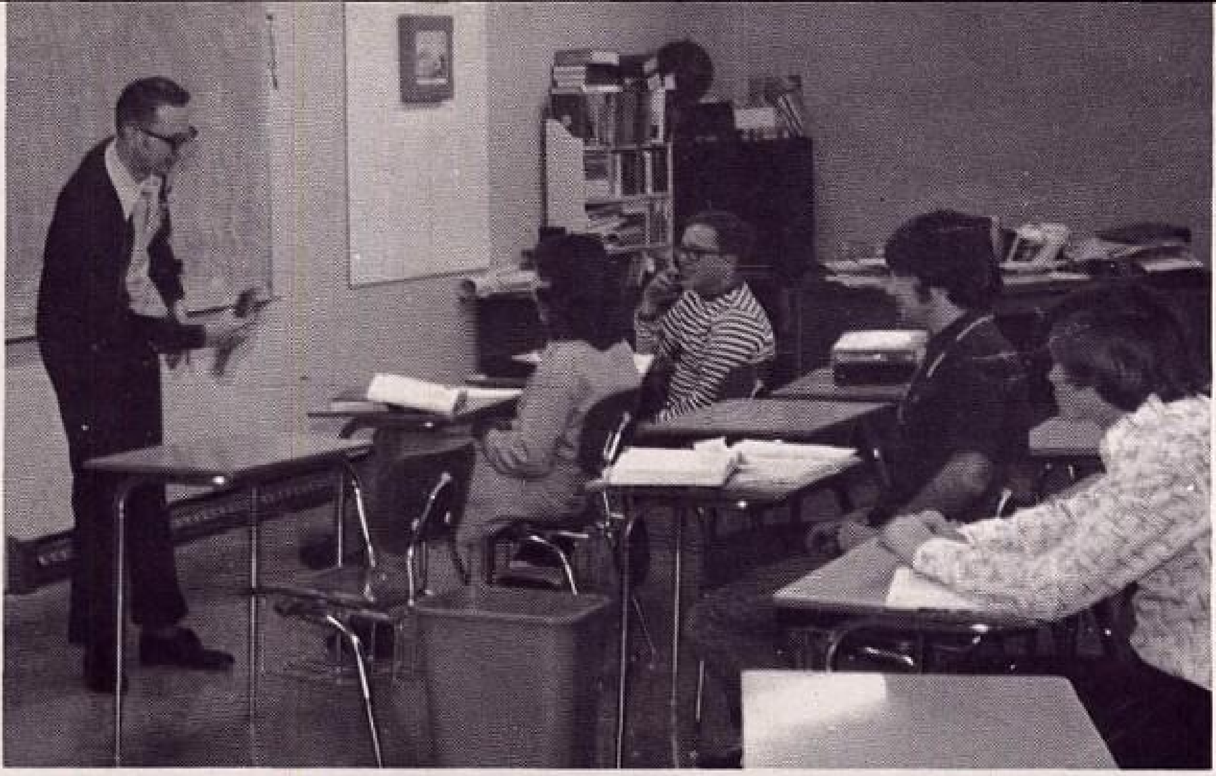
Wayne Sincleir and Kelly Cahill act out a scene in Drama I.



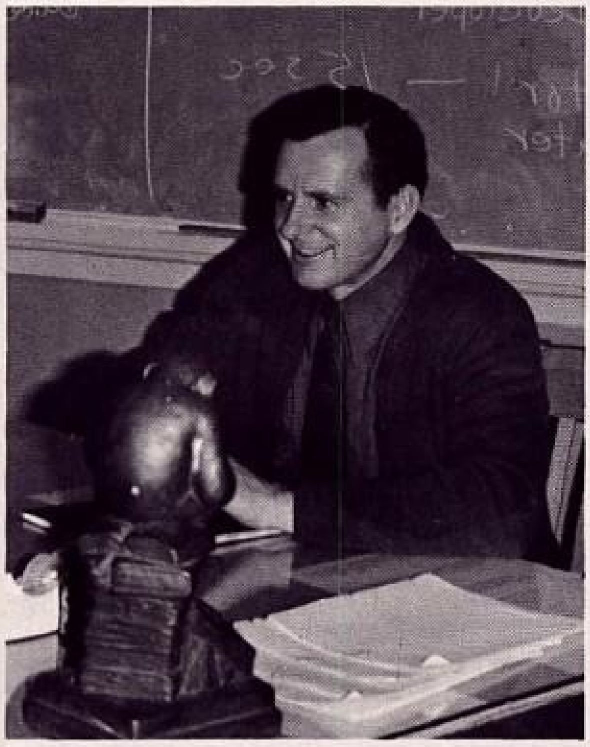
Mr. Howard ponders over ideas for this year's annual.

Mrs. Campbell anxiously awaits her next class.

Science



Mr. Taylor instructs his Physics class on the principles of kinetic and potential energy.



Mr. Snodgrass teaches Biology, Forestry, and Driver's Education.

Tere King and Kelly Cahill react differently as they are informed about the Trojan Nuclear Reactor.

Biology class takes notes.

George Rachor, Mr. Gottfried, and Chuck Griffin are busy with the enlarger.

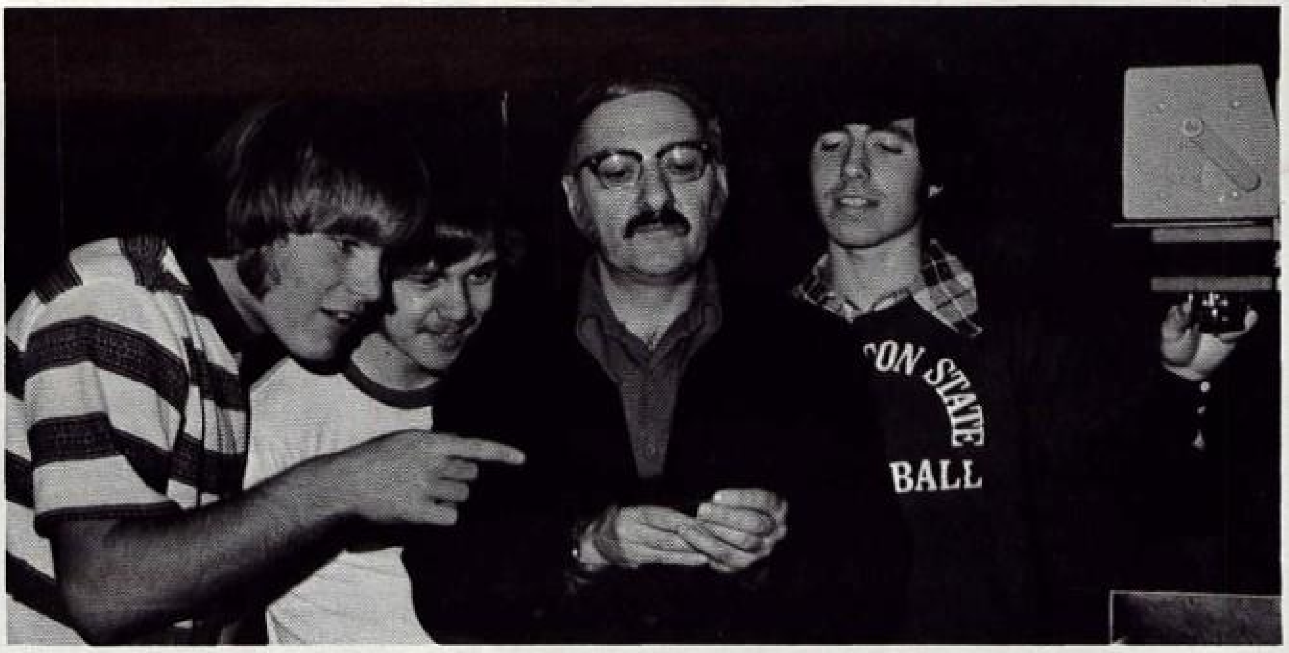
PHOTOGRAPHY

The photography classes contribute to a very active photography department. At almost any event, significant or apparently insignificant, there is at least one eager shutter bug clicking away to record on film the happening. The classes are responsible for all activity pictures for the junior and senior high school annuals and the high school newspaper.

In addition the photography students are required to submit their photographs to various contests and exhibits. The following are some of the activities: October Festival, Annual Weston-McEwen Critique and Exhibit, Inland Empire Photography Competition, private showings at banks, shopping centers, libraries, art festivals, county and state fairs, County Earth Day Photography Competition and more.

The photography classes' solon prints were critiqued by the advisory committee of the University of Oregon. Dr. David Featherstone, chairman, stated the photographs "were very good and showed an understanding of the environmental relationships which make life in Eastern Oregon what it is."

Mary Huson and Leta Gottfried check over proof sheets.



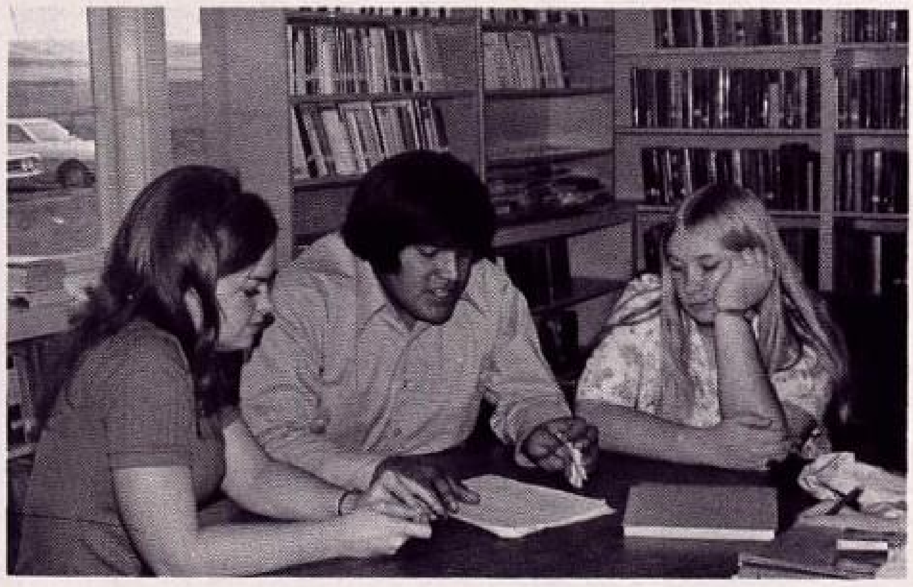
Joe Davis, Dan McGuire, Mr. Gottfried, and John Beamer examine a negative.

Library Science

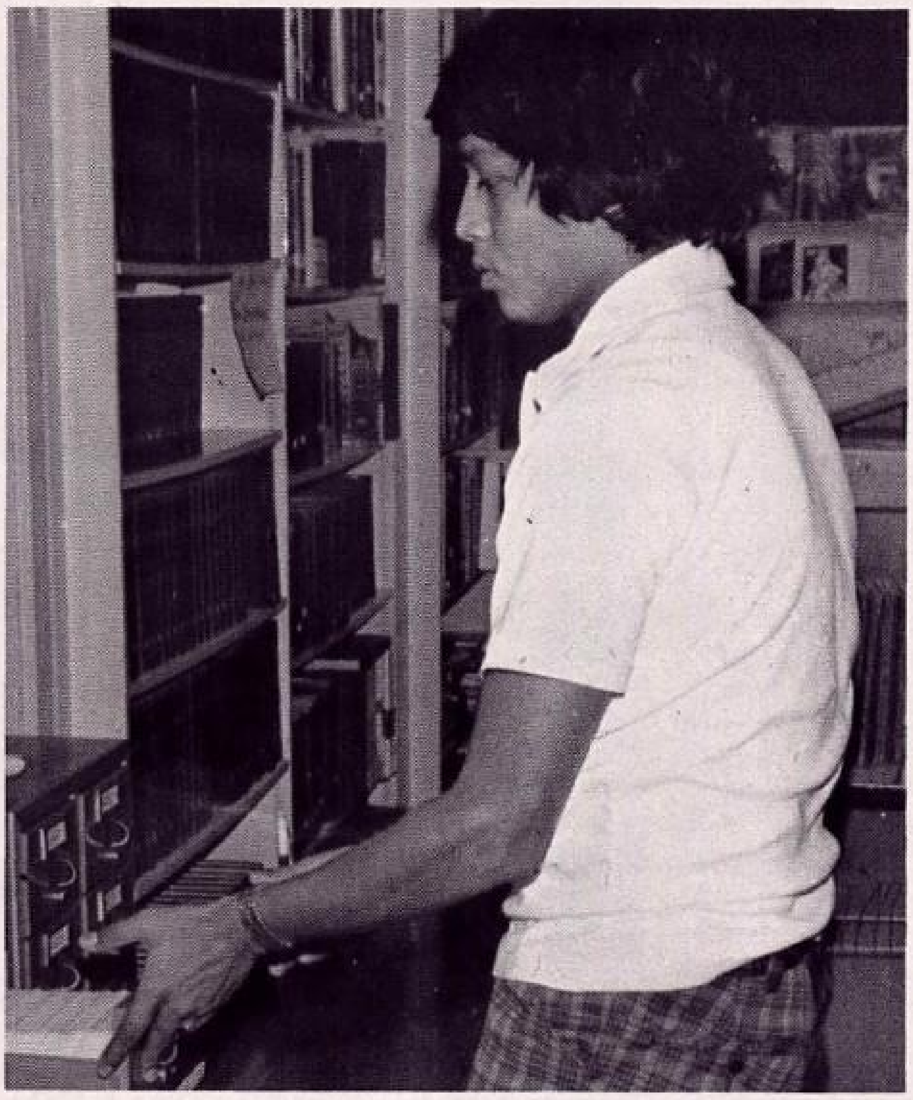
The Weston-McEwen Library strives to provide students with library materials most meaningful in their growth and development as individuals.

Mrs. McLean, audio-visual coordinator and librarian, oversees all activity in the library.

The Sophomore Compsotition class uses the library as they learn the basics of writing research papers.



Allen Johns assists Janice Bates and Cindy Bruck with their reports.



David Quaempts uses the card catalog to find information for his term project.

Home Economics

Miss Fehrenbacher assists Linda Zacharias and Renae Miguez with their sewing project.

David Quaempts demostrates his skill with scissors as he cuts out his pattern.

Gay Coats is putting on the finishing touches in Intermediate Sewing.

Lori Pickard is just beginning her sewing project.

Food Service

On the job training while providing a balanced, nutritional lunch program at the high school are the objectives of the Food Services Program. Food Services is a Home Economics Related Occupation (HERO), which is a branch of FHA.

Business Ed.

This year at Weston-McEwen a wide curriculum of Business Education subjects are offered. Mrs. Gilliland teaches 3 classes of Typing 1, Accounting, Office Practices, and Record Keeping. Mr. Thunell teaches Typing 2, World of Business, Business Communication, Secretarial & Account. Lab. Personal Finance, Work Experience. A total of 101 students are enrolled in business classes at Weston-McEwen.

Math

The Math department at W-M offers students valuable knowledge and skills that will help them in future years.

A new class added this year is Math Skills. It enables a student to work on their individual weaknesses in Math.

Other subjects include algebra, geometry, Analysis, Computer programming, and Physics.

Mr. Taylor helps George Rachor.

Teachers giving individual help is a strong point at W-M as Mr. Taylor explains a problem to Robin Alexander.

Calisthenics are important.

Physical Education

The Physical Education department is being taught by Miss Fehrenbacher, Mr. Gustafson, and Mr. Huntsman. The teachers all have a mutual feeling towards PE. They are trying to teach the kids sportsmanship and love for sports. Students, it is felt, should be given the opportunity to be exposed to activities that they can carry on after high school and throughout their lifetime.

Varsity Football

At the beginning of the football season, I was very skeptical about the outlook of our team this year. We had lost several excellant athletes, which I felt would be difficult to replace. But the kids went to work to prove me wrong.

The seniors really became leaders on and off the field. Instead of criticizing the underclassmen, they helped them with encouragement. Becuase of this help, the younger players improved quickly and were soon helping us win ball games.

Each game had a different hero. On person who would put forth great effort to help us to win. The felling with in the squad was the best I've seen. We had a good year and the players like to call it the year of the "No Names"!

Varsity Volleyball

Coach Fehrenbacher had this to say about the girls season. "I thought it was a very outstanding season. This was the best group of girls I have ever coached. We showed determination throughout the season. I think the hardest thing we had to do was to come back and beat Umatilla after we had lost to Helix in the district tournament. Our girls showed pride and spirit throughout all the games.

JUNIOR VARSITY HAS A 19-1 RECORD

The success of the JV's this year can be attributed to several factors. First, was the fine coaching of Mr. Gustafson. As the season wore on, several players improved enough as to either start on the JVs or to come off the bench and do a good job.

Also, Mr. Howard's coaching improved our inside game and our outside shooting. I felt we had depth that enabled us to use more than just five players. Last, I felt the team ran the offense as well as any team in the past. They worked the ball well and took good shots. Offensively, we scored 61.8 a game and defensively 41.4 a game.

"C" TEAM

The "C" Team was short on numbers but long on desire and hustle. When playing other teams, except for Pendleton, I feel we would be in every ball game. Winning or losing then depended upon our shooting and defense, with the breaks of the game playing an especially big role.

Both Leslie Jones and Tere King had seven games in double figures, with Tere sporting a 13.7 points per game average, and Leslie with an 11.2 points per game average.

Terry Snider improved greatly throughout the year. Kent Cain and Kevin Beers, both playing JV basketball, helped with rebounds and in playing good defense. I feel the "C" team season was a successful one, despite our won-loss record. I feel the "C" team improved on all levels of basketball this season.

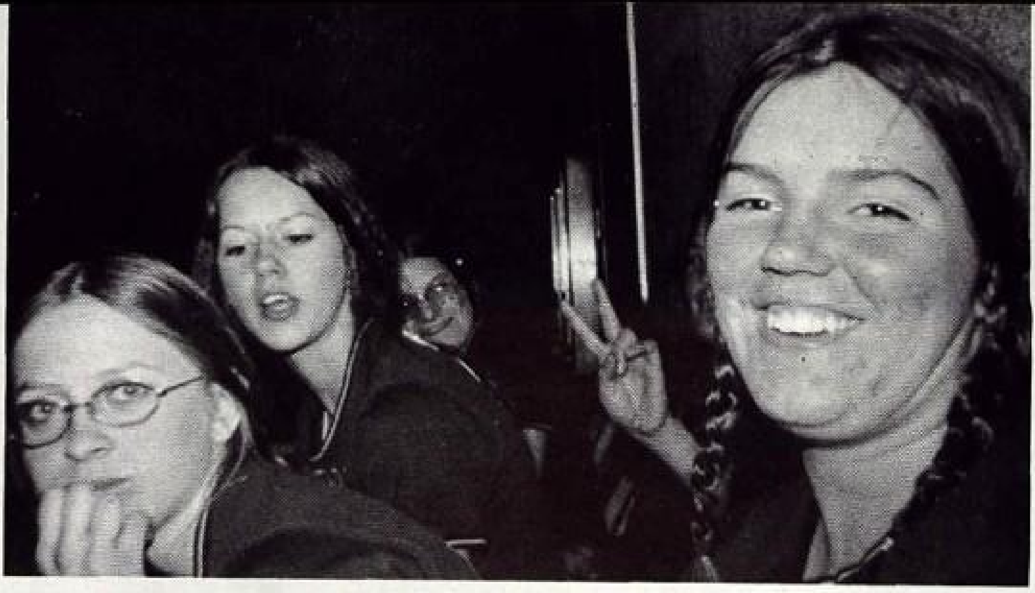
12-2 RECORD

The Girls' Basketball team did an outstanding job this year. They lost only one game for the season and were undefeated in league games. They were league champions and placed three girls on the All-Tournament Team. Jodi Salter was named the most valuable player in the District Tournament. Tammy Sams and Georgiann Licht were also named to the All-Tournament team.

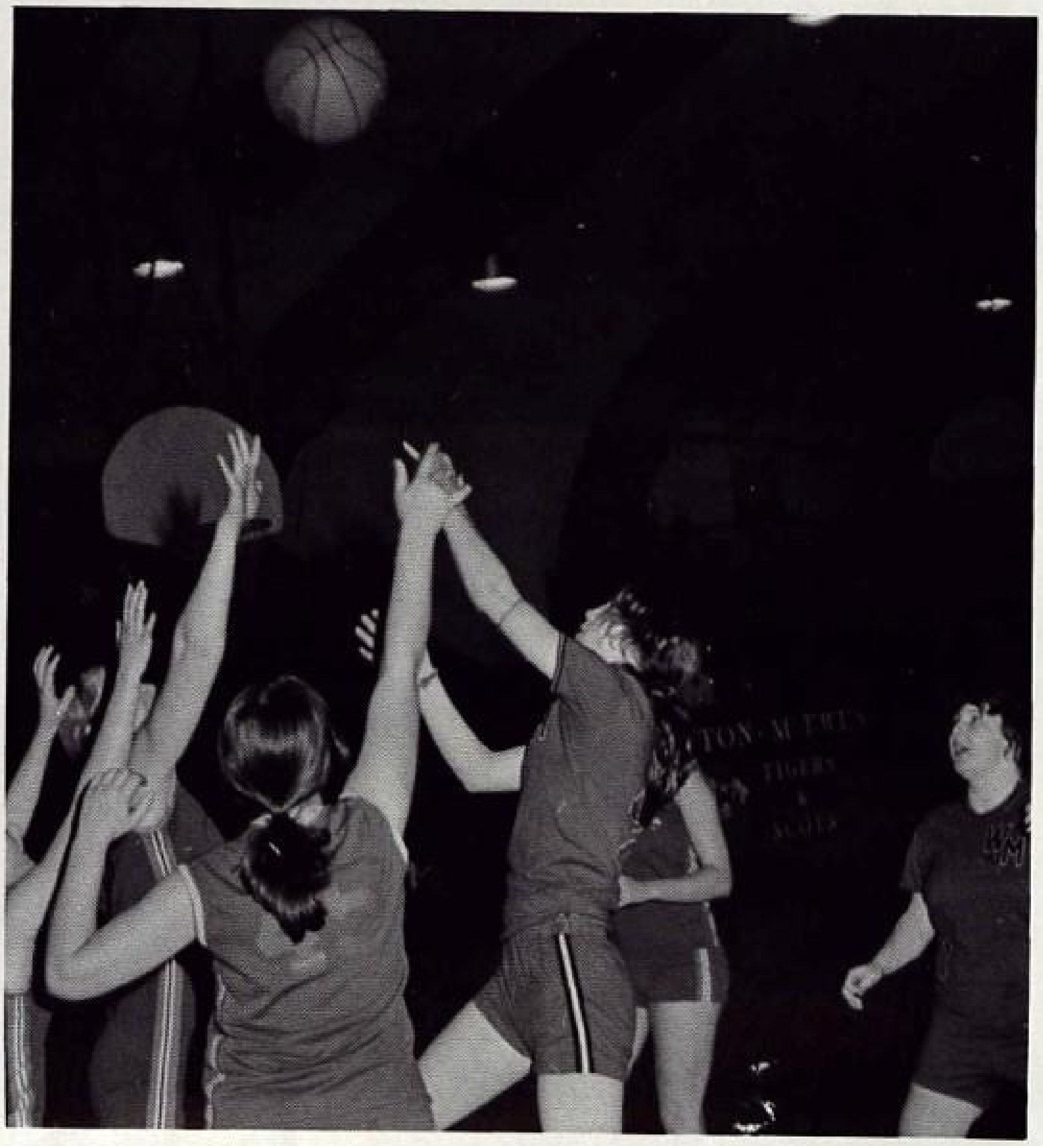
At State, the girls made a terrific showing, winning two of three games and taking fourth place. The girls favorably impressed many people, including many coaches, with high quality of their ball game, sportsmanship and ability. Tammy Sams received high honors by being voted to the State All-Tournament team.

We didn't have a tall team, but we had a lot of hustle and played very tough defense. Georgiann Licht, Susan Hesketh, Jodi Salter and Tammy Sams led the team in scoring. Denise Snider and Georgiann Licht were the leading rebounders. Tammy Sams and Jodi Salter were our best ballhandlers, with Tammy leading our fast breaks.

Overall, our Girls' basketball team was the best ever. We will be losing this year's starting five, but have some fine girls coming up, so next year should prove to be a good year.

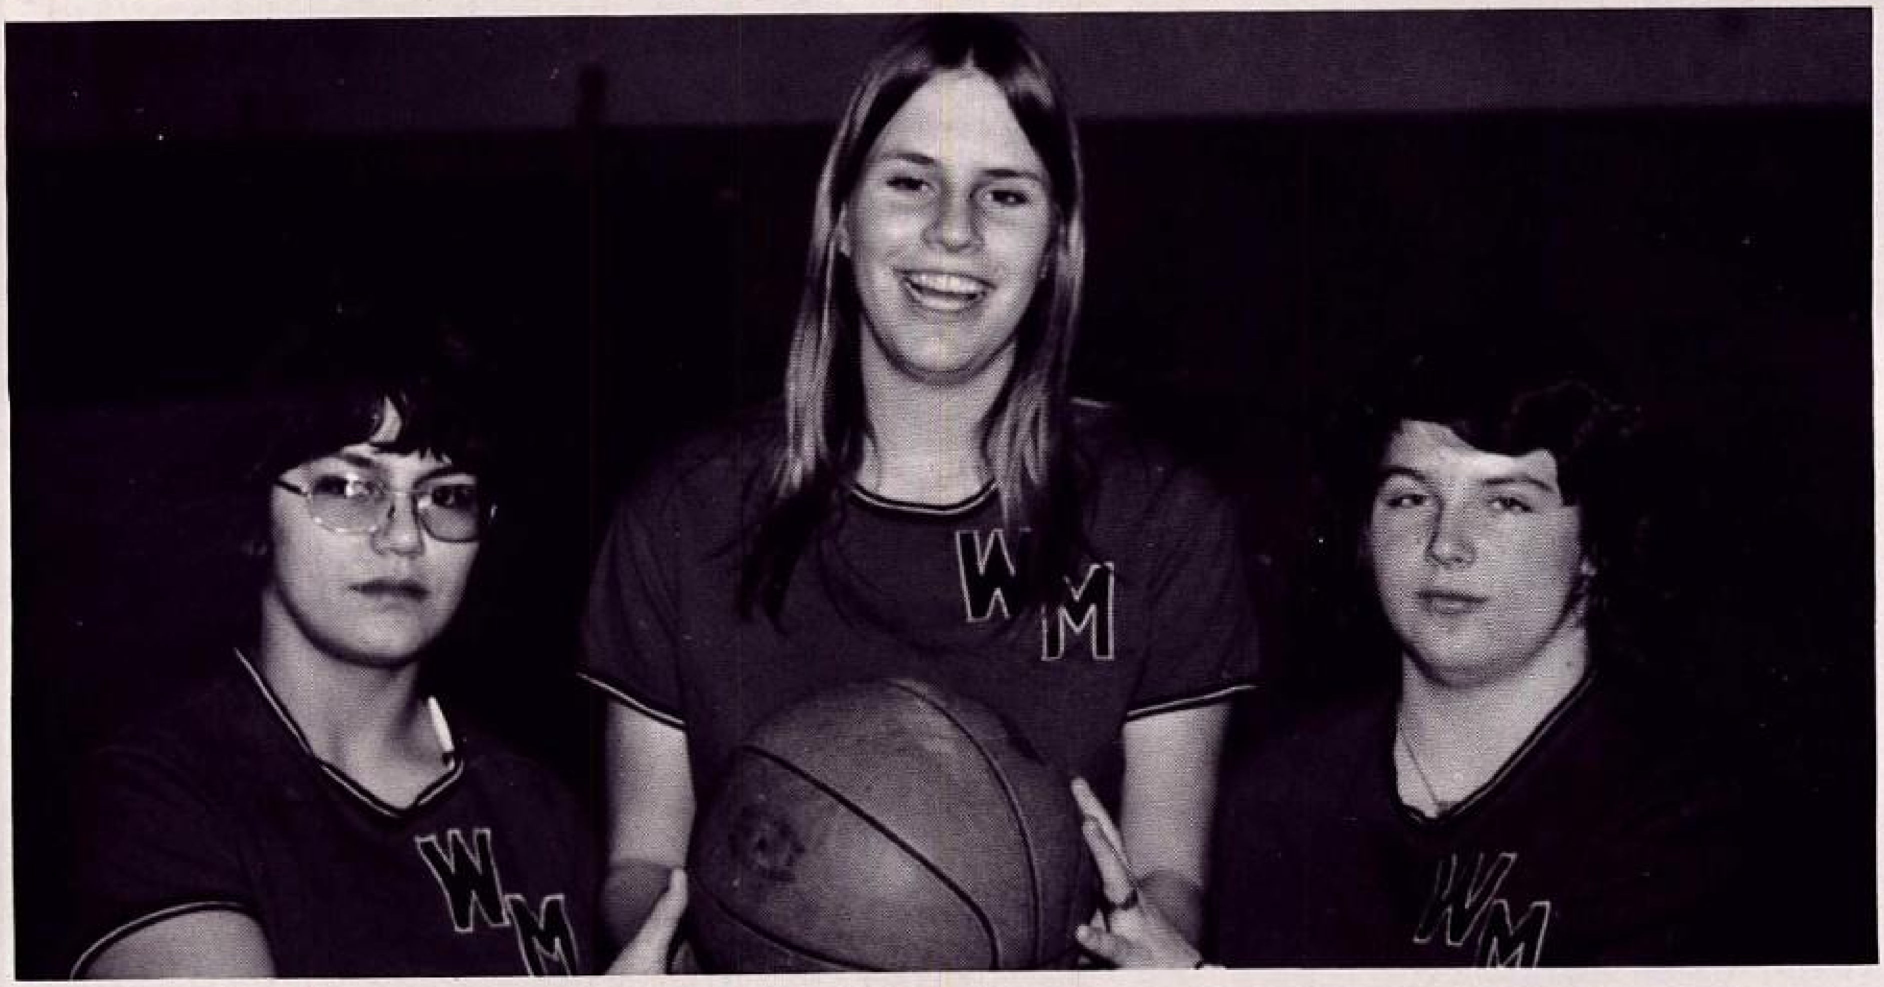


Halftime at the State Tournament reveal mixed emotions for Paula, Lori, and Susan.

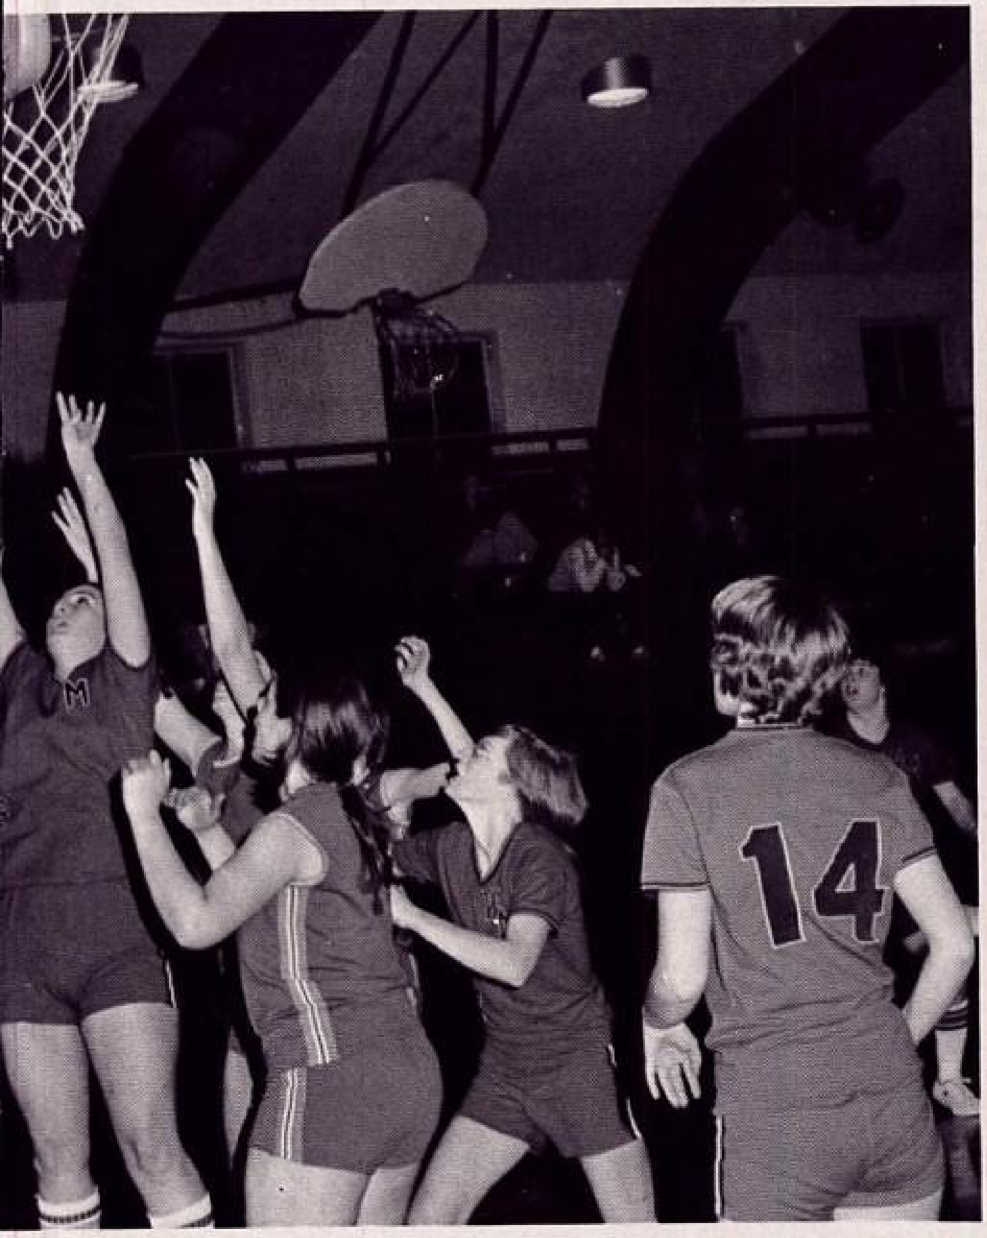


Teresa Kaup jumps high to score two for the Tigers-n-Scots.

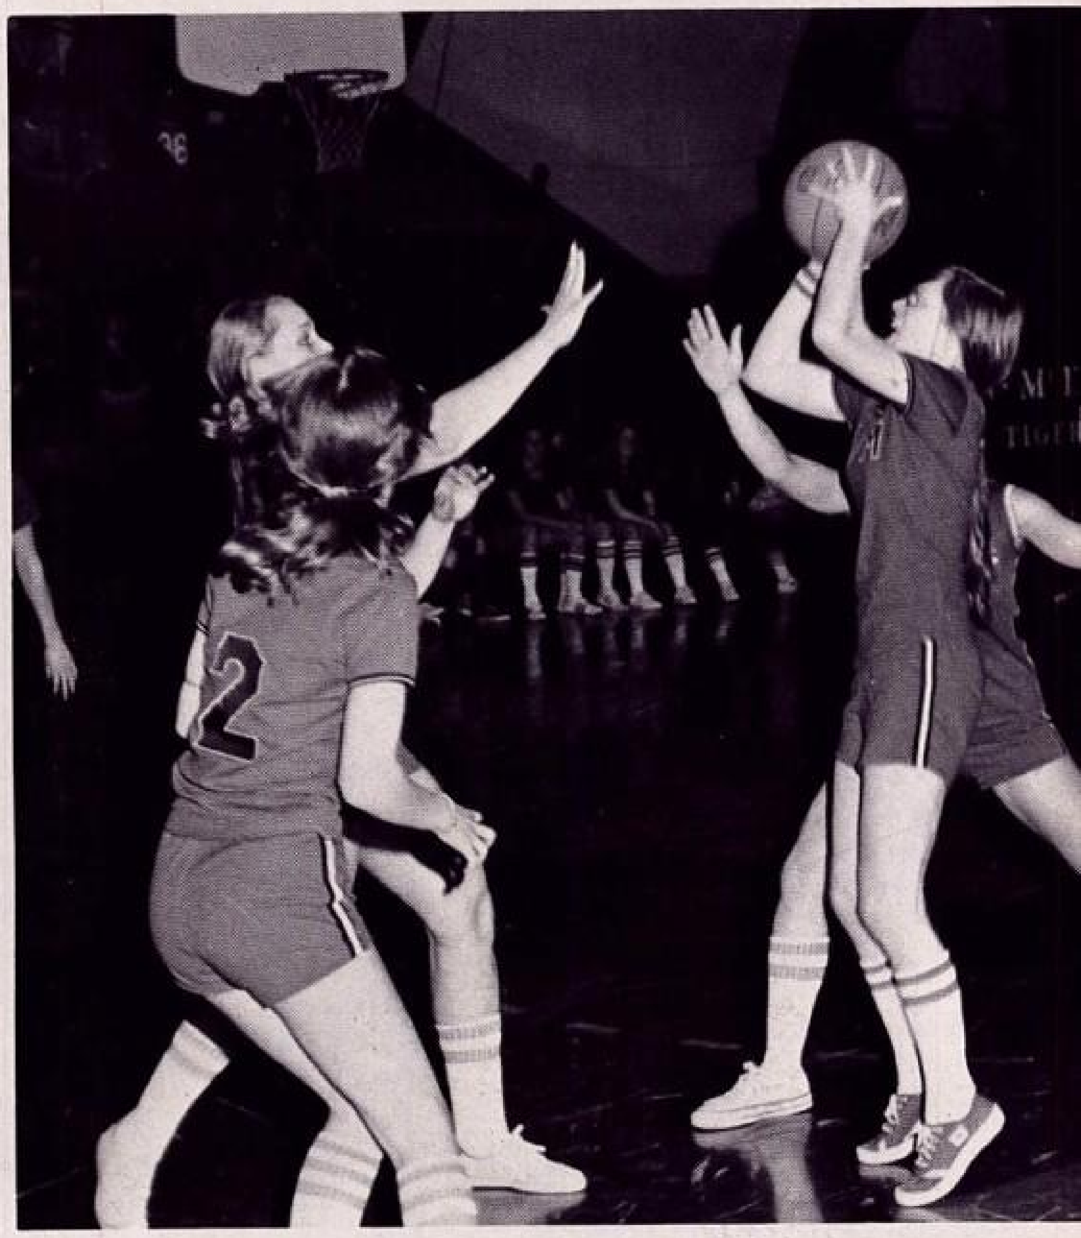
Susan, Georiann, and Denise play tough defense against Ione. The girls defeated Ione 50-30 to win the District Championship.



Tammy Sams, Georgiann Licht, and Jodi Salter were named to the all-district team.



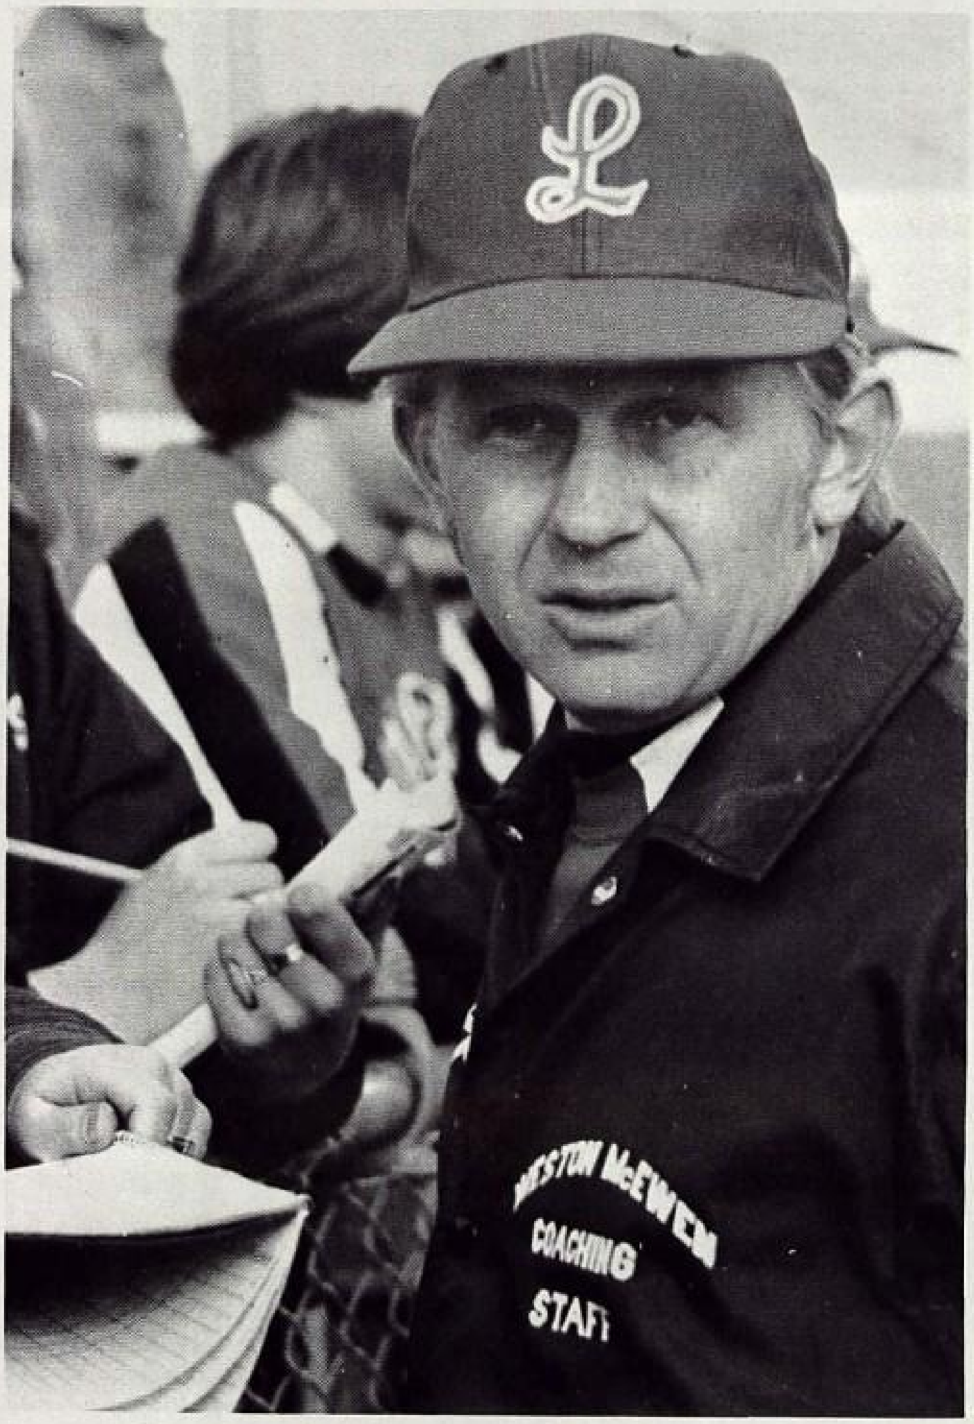
Denise goes up for two against Umatilla.



Liz gets the ball off against Umatilla.

BASEBALL, 10-14 RECORD

W-M TIES FOR FIRST With 6-2 Record



The Weston-McEwen baseball team had a 10-14 win-loss record for the 1975 season. They finished in a 3-way tie for first in the Eastern Divisionof the Columbia Basin Conference with a 6-2 record. The Tiger-Scots did not advance any further because of not enough AZZI points.

Outstanding performances were turned in during the year highlighted by Tim Meinhart's no-hitter against Stanfield and Doug Warner's 4-5 performance against Umatilla.

The Most Improved Hitter award went to Kelly Allen (.333); the Most Improved Fielder award went to Leland Jones; the Golden Glove award to John Adams; the Leading Hitter to Doug Warner (.329); and the Most Inspirational to Ken Warner.

BAD ROCK GIVES $1000 FOR WM SCHOLARSHIPS

Weston-McEwen seniors, Kim Culley, Leta Gottfried, Jodi Salter, Kelly Allen, and Susan Hesketh each received $200 scholarships to be used at the college of their choice from the Bad Rock Motorcycle Races Association Citizenship, scholastic achievement, and financial need was the criteria used to select the recipients. Each year the Bad Rock Association hosts one of several qualifying races held around the United States. Points are awarded and the US team is selected to compete internationally. Riders from all over the United States and many from foreign countries compete in the two day Bad Rock Trails. Bad Rock is considered one of the toughest qualifying races.

INLAND EMPIRE PHOTOGRAPHY CONTEST

INLAND EMPIRE
Competiti

The first annual "Inland Empire High School Photography Competition" was hosted by Weston-McEwen High School and Athena-Weston Lions. Highly qualified, out of town, judges were utilized. Weston-McEwen received 5 of the 7 trophies awarded. They also received numerous ribbons. Thirteen, mostly large city schools, participated. Over 150 prints were judged. One new division will be added next year and we anticipate a larger, better show next year.
